

Seminar assignment gabor

Susy Maijer

Titles:

- An analysis of the forces required to drag sheep over various surfaces
- Fantastic yeasts and where to find them: the hidden diversity of dimorphic fungal pathogens (*amazing title*)
- Reading Acquisition, Developmental Dyslexia, and Skilled Reading Across Languages: A Psycholinguistic Grain Size Theory.

And the figure:

THANKS GABOR! These tools seem incredibly helpful and efficient. Without this very small assignment however, I would've never (!) taken the time to download all of this and try it. The next years I will probably use your presentation as the toolboxbible.
